

# LEAGUE OPERATOR POSITION

My name is Becki Potter and I have been playing in the EVBCA pool league since 2008. Back then I did not know what “English” or “Stop Shot” meant. I have learned what all that means now, along with all the rules. I enjoy the game and the comradery that is involved when playing in this league.

I will be an excellent League Operator because I believe everyone is important. I am not biased. I believe everyone should have a voice. I believe that playing pool should be fair but competitive. I also believe that a League Operator should be fair when compiling the league schedule. Teams that are high level players should be playing high or medium level players. They should never be playing lower level players. That is not fun for anyone. If elected I will do everything in my power to make the schedule fair for everyone. I want everyone to have fun and be competitive in this league. One of the things I would like to do if elected is to restructure and improve the schedule to match the same structure of player levels that we see at Regionals. I also promise to make sure information to the players are provided to them in a timely fashion. Since I became an EVBCA Representative, almost two years ago, I have attended all the Western BCA meetings held in Vancouver Washington, except two. Since I have attended these meetings, I am able to vote on important issues that affect our league. I am very interested in the rules and changes that go on for our league.

My experiences with pool leagues include being the Treasurer for Women’s Springfield Pool League going on my second year and a volunteer during Regionals in Lincoln City for a year. The volunteering duties include, but are not limited to, assisting at the front desk, walking around the pool room to make sure we are backing up the referees, and enforcing the rules of the pool room. I have also been captain of several eight, nine, and ten ball teams for BCA. I am also knowledgeable in computer programs and would have no problem putting information together for players.

I have made an honest attempt to be knowledgeable in the BCA rules and regulations. If I don’t know the answer, I will find someone that does. If elected, I will do everything in my power to make sure that things are done in a timely manner and fair and competitive for everyone.

Thank you for considering me for the League Operator position.

Becki Potter
