

CINDY ROSENTHAL

LETTER OF INTENT

Fellow pool players,

I am writing this letter to announce that I am running for the League Operator position of the Emerald Valley BCA (EVBCA) league at the next election in March 2020.

I have been involved with our league for almost 14 years. I have proudly served as the secretary since 2006 and have taken on the additional task of the league website for the past several years.

My tasks as secretary include taking the meeting minutes, having a general knowledge of all CSI/BCAPL rules, maintaining and answering all correspondence through email and the website for new and current players, and other miscellaneous tasks.

I also served as secretary for Western BCA for approximately 2 years under former president, Bill Henderson. My tasks in that position were similar, but larger in scale due to the number of players and email communication involved. I was entrusted with confidential information and large amounts of cash/tender in that position and understood the importance and accountability of those tasks. It was my pleasure to serve the players of the Pacific Northwest region during that time.

My overall skills include a degree in Accounting and (Health Care) Administration and years of experience with most Microsoft Office programs including Word, Excel, Access and more. I am most definitely a people person and want to hear new ideas on how we can improve this league. Finding a way to grow this league is important to me, but I want to make sure the underlying structure is satisfying to our current players first.

I hope I have earned your trust through the years to allow me to take on this new adventure as your next League Operator. Please feel free to call/text/email (or just approach!) me with any questions you may have. Regardless, I sincerely hope that every single one of you comes out for the next meeting to hear from the candidates and vote. Thank you for your time and have a wonderful holiday season.

Sincerely,

Cindy Rosenthal
