

EVBCA Rules and Guidelines

WAITING FOR PLAYERS DURING A MATCH

Captains must be responsible for their players. If a player is consistently out smoking, playing on the video poker machines, or doing other extracurricular activities when they are supposed to be playing their game, this is unsportsmanlike conduct.

If there are problems of this nature with a Team, the Player will be warned and the reporting Captain will make a note on the score sheet. The captain must notify the League Operator if they wish to lodge a complaint with the Grievance Committee

NO NOTIFICATION FORFEITS

If a team has 2 no notification forfeits within a session, the Captain will not be allowed to be a Captain within our League again, unless they appeal to change that status.

RESCHEDULING

What is the latest time a team can ask to reschedule? After some discussion and to allow for those who work until 5pm, it was decided that 5:30 was an appropriate deadline for a Captain or Team Representative to ask for a reschedule. If a Captain calls by the deadline, the opposing Team must reschedule. If the Team does not want to reschedule, call League Operator and let them know there is a conflict.

Rescheduled match **MUST** happen within 2 weeks (unless agreed upon by both Captains)
