

9-ball Team Captain Guidelines

FIRST NIGHT OF LEAGUE:

Fill out Team Roster Sheet, collect any sanction money from new players (\$35 per person). This goes to the Home team captain along with the league fees of \$8.00 each player. Do not give the bars any money. The League Operator will give the bars their green fees at the end of the season.

Home Team Captains:

It is your responsibility to collect all monies from both teams before start of each match. Mail, drop box at Sonny's or hand deliver money (**NO COIN PLEASE**) and white copy of Score Sheet to League Operator. Write on the white copy of score sheet if there are extra monies other than league dues. It is to be received by the Friday after your match or both home and away games and points will not be on the stats until the envelope is received. Repeat offenders will no longer be allowed to captain a team.

WEEKLY:

Fill out score sheet line up and check round totals.

All team money is to be paid in full each night. The captain is responsible for making sure all money is accounted for. If a player is absent you **must** pay their fee. This is a 'no pay, no play' league.

Unsportsmanlike conduct will NOT be tolerated.
